## Simplify the Planning, Execution, and Delivery of Projects

Join us for our June 25 Webinar to learn how to ensure project success

Register today >

Project success hinges on ensuring operating transparency, collaboration, and cost-management control across a project's entire lifecycle, from concept through delivery.

Learn how you can significantly enhance project success and return on investment.

Join us for an **informative Webinar** on **Wednesday, June 25, at 2 p.m. ET/11 a.m. PT**. At the event, you will learn more about how companies are optimizing their use of capital and ensuring consistent on-time, on-budget project delivery by leveraging SAP's integrated platform for managing projects and product portfolios. Discover how the incorporation and delivery of global project management best practices and techniques will enable your organization to:

- Facilitate greater visibility for all projects across your global enterprise
- Improve user collaboration
- Ensure planning and process consistency
- Detect project risks earlier than ever before
- Increase project profitability

Space is limited, so [register today](#) to join us for this complimentary event.

Attendees will receive complimentary copies of the IDC research report "**Driving Business Optimization for Project-Centric Organizations.**"

We look forward to seeing you online!

Best regards,

SAP Manufacturing Team
